SHOW DIRECTORY

YOUR GUIDE TO THE TRUCKING INDUSTRY

EXHIBITOR DIRECTORY ON **PAGE 8**

expediteexpo.com

expedite expo 16

WELCOME!

The Expedite Expo, now in its 16th straight year of being the only exclusively expediting-oriented trade show in the world, has so much to offer whether you are an industry veteran or a rookie just looking at getting your first truck. Don't be intimidated by our long history: the show is very accessible, and even designed to be attended by people from all walks of their career. We've created this guide so that you know what to expect if you've never been before, or even if it's been a few years since you've attended and you need a reminder on how it works. Remember this: people rarely utilize all of the great resources available to them at the Expedite Expo. Follow this guide, and hopefully you'll get even more out of your visit.

At the Expo you can learn about career opportunities in the trucking industry, check out the newest trucks and equipment and take a look at some fabulous working trucks in our back parking lot at the All American Working Truck Show.

We will have the famous Casino Night on Friday night, a Pre-Trip Challenge and workshops on the show floor along with free live forums and workshops in rooms adjacent to the floor!

With all that said, I hope you enjoy the Expo's new location. Lexington combines all the amenities you would expect to find in a big city with the charm and hospitality of a small town. Whether you want to see the sights, check out some amazing architecture, get in some outdoor recreation, do some shopping, or enjoy fine dining — all that and more is available in Lexington.

Be sure to make the most of this time together with your fellow expeditors!

12:30 PM Pre-Trip Challenge booth #367

HOW TO START YOUR OWN TRUCKING COMPANY

Speaker: Reghan Orman, Assoc. General Counsel, Apex Capital Corp.
 Starting your trucking company and getting motor carrier operating authority can be complicated and frustrating. You need know what is necessary to get started, including understanding the basics of starting a business and learning the government's requirements. The FMCSA has set very specific rules and regulations for the trucking industry and there are numerous forms to complete and steps to take, both with the FMCSA and other agencies, before authority is granted. The FMCSA also has specific requirements for "New Entrants" ranging from safety monitoring to record keeping to equipment maintenance during the initial 18 months after authority is granted.

This seminar will help you understand the government's requirements to obtain motor carrier operating authority, the steps necessary to ensure your trucking company stays compliant through the New Entrant period, and what you can do to ensure your new trucking company is successful.

PRE-TRIP CHALLENGE!

A SIMPLE PRE-TRIP INSPECTION CAN HELP SAVE TROUBLE DOWN THE ROAD.

In addition to routine maintenance and repair, an inspection can reduce the risk of a breakdown; this can also provide you peace of mind. When you know your truck's safety features inside and out, you can take a load off your mind and drive with more ease. If you operate a commercial vehicle, you need to know what's under the hood of your truck. Before hitting the road, commercial drivers should perform a pre-trip inspection to ensure the truck is safe to drive. We dare you to take the challenge with us! Prizes to the top three Challenge winners - 1st place \$500 TA Truck Service MasterCard Incentive Card, 2nd Place \$300 TA Truck Service MasterCard Incentive Card and 3rd place \$200 TA Truck Service MasterCard Incentive Card. The Pre-Trip Challenges will happen each day at the show, Friday, 9:00am to 4:00pm and Saturday 9:00am to 12:00pm, booth #367.

Build Your Trucking Business on a Strong Foundation.

For nearly forty years, Owner Operators have trusted Mercer Transportation for the freight and support needed to be successful.

Contact us today to discuss your goals and how Mercer can assist in helping you achieve them.

THE HEALTH PAVILION

FRIDAY, JULY 15

11:00 AM Buck Black, Trucker Therapy

1:00 PM John Reed, Nutrition for Life

2:00 PM Dana Graves, Kentucky One Health – Diabetes

SATURDAY, JULY 16

10:00 AM John Reed, Nutrition for Life

11:00 AM Buck Black, Trucker Therapy

1:00 PM Big John, "Learning to Dance in the rain"

2:00 PM Katie Speicher, Beach Body, "The 21 Day Fix"

3:00 PM Big John, come dance with the famous 'Dancing Trucker!'

Everyone knows that maintaining good health is a concern in the trucking industry. With the support of our sponsors we have some excellent contacts on-site to provide important information on helping you stay healthy. These experts are hosting brief discussions, approximately 15-20 minutes, about their specialty. Come hear what they have to say and have your questions ready!

DRIVER BBQ

DRIVERS' WHOLE HOG ROAST TO BENEFIT ST. CHRISTOPHER FUND

A truck driver charity that helps drivers whose medical problems have led to hardship. The SCF is also working to provide programs that will benefit professional drivers and the trucking industry.

Expedite Expo's Annual Drivers' BBQ is SATURDAY, JULY 16TH AT 5:00PM IN THE TENT IN THE PARKING LOT OUTSIDE, just to the back of the Heritage Hall.

Porky's Pickle BBQ Catering will arrive 1 hour before the event with a smoking pit. They will give you time to check out & photograph the hog. They then perform the traditional "Kissin' of the Hog Nose for luck" ritual. Also a talk on "The history of BBQ in America" and then they carve the hog while teaching you "Anatomy of a Hog 101" all while providing succulent, juicy meat samples, drenched in your choice of sauces. The whole experience is educational as well as entertaining.

Forum members join us for a meet up at the BBQ!

Visit us at the Expedite Expo: Booth #425

FedEx® Custom Critical

Pull Our Trailers and Join the White Glove Services® Fleet

Transportation & Logistics

This year, Expediter Services is the title sponsor of the Expedite Expo. Some people may ask, "Why would anyone want to expand their marketing presence during a tough freight environment?" Jason Williams, President of Expediter Services, provides a simple answer. "We believe our programs and services offer contract drivers and owners the best support and opportunity to survive and even thrive during a volatile market." As you'll see, ES has built a system of support services and programs that work during any business cycle.

Anyone who has been around trucking knows that the state of freight fluctuates as business cycles move up and down -- it's just a part of doing business. Currently, trends are indicating that freight is in a down cycle. Should you be concerned? Maybe, maybe not. But one thing is for sure: no matter the state of freight, you Never Stand Alone when you partner with Expediter Services. **Here's why...**

WE'VE BEEN THERE BEFORE

Expediter Services was born in 2006, but expanded and matured its services during the economic downturn of 2009. During this tumultuous freight environment, ES

We're Here For You... Regardless of the Road Ahead

began the process of building an umbrella of support, services and programs based on input from a concerned Expediting community looking for answers. The road wasn't always smooth as we developed the discounts and programs now enjoyed by Expeditors who utilize our many offerings. At times, our attempts to satisfy customers' needs led to a dead end. But one thing is certain, our trial by fire resulted in tried-and-true support services and programs that can help you succeed when the road best traveled gets bumpy.

REAL SUPPORT. REAL SERVICE. A REAL COMMUNITY.

ES can provide you with real support including discounts on fuel, insurance and more. We also provide comprehensive freight history information, along with back office support and programs to help you through the good times as well as the bad. When you join the Expediter Services family, you are a part of a community of support that's second to none, helping you weather the storm, regardless of the volatility of freight.

TAKING STEPS TO MITIGATE RISK AND COSTS

When the road ahead is rough and freight becomes tough, it's important to know that your carrier and/or service provider will be there for you today and in the future. Do you have the support you need? Are you paid on time or even at all? Is your equipment good enough to carry you through a tough freight cycle economically and efficiently? Is there a community of support that you can turn to when business is soft?

Expediter Services has proven support programs to help answer YES to all of these questions. Experience has taught us that upgrading your equipment is a great way to control fuel and maintenance expenses. Expediter Truck Sales has available the industry's best and largest inventory of pre-owned class 8 straight trucks that are fuel efficient, well maintained and offer a tremendous value. Contact Danny Vernon at Expediter Truck Sales to see how a good pre-owned truck can actually save you money.

To help finance your truck quickly with little or no hassle, rely on Expediter Equipment Finance. It doesn't matter if you're a first-time buyer, non-home owner or fleet owner, we can help you upgrade to mitigate costs no matter the business environment.

OPPORTUNITY FOR NEW DRIVERS

There's always room and opportunity for new hardworking drivers in Expediting, and you are definitely wanted and needed. Expediter Services is here to help, so you Never Stand Alone, with Owner Operator and Contract Driver programs to save you money and help you build your business. Let our community of support make your dreams of being a successful Expediter a reality. We're excited about the opportunity to serve you, please give us a call to get started today.

Expediter Services is working for You! Call us at 877.349.9303 and **Never Stand Alone.**

The road best traveled.

It's not just about completing the run. It's about making that run as profitable as possible. Our family of Detroit™ engines delivers the solution to do just that.
