

# Consolidate Deliveries and Save Time with FRAYT Routes

Optimize multiple stop deliveries with FRAYT Routes. Consolidating multiple stop shipments into a single route.

FRAYT Routes allow you to easily schedule high volume deliveries (up to 150 stops) in a single, batched route with a dedicated driver.

- **Reliable:** Work consistently with reputable drivers who care
- **Trackable:** Every delivery stop can be tracked real-time and has optional barcode scan POD.

**Cut Delivery Costs up to 60% with FRAYT Routes.**

Compared to FRAYT's DASH Service and other same day on-demand delivery options, FRAYT Routes can save you up to 60%.

# Save on Delivery Costs with FRAYT Routes in Only 3 Steps:

## 1 Get a Quote

Provide us with locations and dimensions and get pricing before posting your delivery.

## 2 Place Your Delivery

After inserting all locations needed for delivery, our platform will match you with an experience driver.

## 3 Track in Real-Time

Trace deliveries from pickup to drop-off with live updates with the option to share alerts & confirmation with your customers.
